**Dear Course Participants,** we are looking forward to welcome you for the 7<sup>th</sup> International Osteosynthesis Trauma Meeting in Giessen, Germany. During the course we will focus on the various osteosynthesis types that can be performed with the **LOQTEC** Anatomical Plating System. The relevant surgical techniques will be explained during the first day, so that on the second day practical experiences can be shared on a well-grounded theoretical knowledge. Please join us for an exciting workshop with active discussions and efficient exchange of experiences.
